

Be useful to Dentist

Message to dentists!

To dentists all over Japan,
Aitec offers a useful proposal.

We at Aitec have been engaged in manufacturing and developing amenity goods since our foundation in 1959. Under the motto "providing high quality products promptly," We are trying to improve the development of our products, the generation of new ideas, and the techniques of manufacturing. Now Aitec is the top toothbrush and toothpaste supplier for hotels and inns all over Japan.

Using the skill that we have acquired in manufacturing, we offer Aitec's original products, in which we have absolute confidence for their quality, to dentists all over Japan. We would like you to try our great products.
